WHAT HAPPENS WITH THE DRUGS COVERAGE AT AGE 65?

At 65 years of age, the Participant is covered under the provincial health plan of his province of residence for drugs and other products included in this plan's list.

Where allowed by law, he may opt out of his provincial health plan and remain covered under the Extended Health Care benefit of the group benefit plan. If so, the Participant must notify DFS of his choice, in writing, within 31 days of his 65th birthday:

- continue coverage under the group benefit plan and the required premium will be determined by DFS,
- or**
- choose his provincial health care plan. He will then no longer be covered for drugs and other products on his provincial health plan's list. This election is irrevocable.

IMPORTANT: Dependents cannot continue their coverage under the Extended Health Care Benefit unless the Participant remains covered.

TRAVELS ABROAD

The Participant must contact DFS if the duration of the trip is expected to be more than 180 days. Failing to do so can lead to the person travelling not being covered.

Any provision under the policy that is not compliant with applicable laws is presumed void. Even if a provision prohibited by law is included in the policy, all other provisions of the policy will still remain in force.

The policy, its interpretation, execution, application, validity and effects are subject to the applicable Canadian or provincial laws that govern, partially or totally, all of its provisions.

Any dispute resulting from its conclusion, interpretation or execution will be exclusively submitted to the competent court in the Canadian province agreed upon between the parties.

INCONTESTABILITY

If the coverage of a person is in force for a period of 2 years while that person is alive, DFS cannot contest the validity of this coverage based on any written statement given unless it refers to age or is fraudulent. However, if a disability occurs during the first 2 years of coverage, the foregoing does not apply and DFS can cancel or limit all related claims owed.

MISSTATEMENT OF AGE

If the age of any individual has been misstated, any benefits payable are based upon the actual age of the individual at the time of the event that results in a claim. Premium adjustments are made for the full time such coverage is in force.

CURRENCY

All payments under the policy, whether to or by DFS, are made in the lawful currency of Canada.

NUMBER AND GENDER

ELIGIBILITY

EMPLOYEE ELIGIBILITY

An Employee is eligible for coverage on the date he retires.

DEPENDENT ELIGIBILITY

If an Employee already has a Dependent on the date he is eligible for coverage under the policy, that Dependent is also eligible for coverage on that date.

If an Employee does not have Dependents on the date he is eligible for coverage under the policy, Dependents are eligible for coverage on the date the Employee first acquires a Dependent.

APPLICATION

The policy contains a Beneficiary provision that removes or restricts the right of the Participant to designate persons to whom or for whose amounts are to be payable for some benefits.

COVERAGE APPLICATION

Application for coverage is mandatory for any employee who meets the eligibility requirements.

1) Application within the time limit

An Employee must complete the application form required by DFS within 31 days of the date he is eligible.

2) Late application

a) All Benefits other than Dental Care Benefit

If application is not completed within the time limit specified above, the Employee may be required to submit Evidence of Insurability.

b) Dental Care Benefit

If the Employee applies for coverage for himself or his Dependents more than 31 days after the date he is eligible, DFS may limit the amount reimbursed for Eligible Expenses according to the EXCLUSIONS, RESTRICTIONS AND LIMITATIONS provision of the Dental Care Benefit.

Evidence of Insurability

Evidence of Insurability satisfactory to DFS is required for any amount exceeding the Maximum without Evidence of Insurability for Basic Life Benefit, if application for coverage is completed within the time limit.

EXEMPTION PRIVILEGE

An Employee may decline to be covered under the Extended Health Care Benefit or Dental Care Benefit if that Employee is covered as a Dependent under the policy or another similar group insurance plan. However, if that other plan terminates or the Spouse is no longer a member of an eligible class, the Employee is eligible to apply for coverage. To become covered:

- 1) the Employee must previously have opted out of coverage,
- 2) the Spouse's coverage cannot have been terminated by personal choice, and
- 3) the Employee's written application must be made within 31 days of the date the Spouse loses coverage, otherwise, the Late Application provision applies.

COVERAGE TYPES

The coverage types available under the policy are:

Coverage Types	Covered Persons
Single	Participant only
Family	Participant, Spouse and Children

The Coverage Type does not have to be the same for all benefits.

A life event is defined as:

- 1) marriage, new common-law spouse, separation or divorce,
- 2) birth or adoption of a Child,
- 3) loss or gain of the Spouse's coverage, for a reason other than personal choice,
- 4) death of a Dependent,

BENEFICIARY

DFS will recognize the beneficiary(ies) designated by the Participant under the Employer's group insurance plan immediately prior to the Effective Date of the policy, unless DFS requires beneficiary(ies) to be designated again.

Subject to applicable laws, the Participant may designate or revoke, at any time, one or several beneficiaries of his coverage on written notice to DFS's Head Office. Only the benefits that include a benefit payment in the event of the Participant's death are subject to the designation of beneficiary(ies), and the same designation applies to all these benefits. The rights of a beneficiary who dies before the Participant revert to the latter. In the absence of a designated beneficiary, the amounts payable are paid according to applicable laws.

The amounts payable when a Dependent dies are paid to the Participant, if alive. If the Participant has died, the amounts are paid according to applicable laws.

DFS assumes no responsibility for the validity of any beneficiary designation or revocation.

COMMENCEMENT OF COVERAGE

COMMENCEMENT OF PARTICIPANT COVERAGE

The coverage of any Employee is effective on the date he is eligible, provided application is made within the time limit. However, for late application or for benefits that require Evidence of Insurability, coverage is effective on the date the insurability of the Employee is approved by DFS.

COMMENCEMENT OF DEPENDENT COVERAGE

Coverage for a Dependent is effective on the date the Participant is first eligible for Dependent coverage, provided application is made within the time limit. However, for late application or for benefits that require Evidence of Insurability, coverage is effective on the date the Dependent's insurability is approved by DFS.

If a Participant already has Dependent coverage on the date he acquires a new Dependent, the coverage of that Dependent is effective on the date he becomes a Dependent, except for benefits requiring Evidence of Insurability. However, the Life Benefit for a newborn Child is effective 15 days from birth, subject to all other terms and conditions of the policy provisions, including those above.

If a Dependent (other than a newborn Child) is confined to a Hospital on the date his coverage would otherwise become effective, his coverage begins on the day immediately following his discharge from the Hospital.

Any increase or decrease in the amount of coverage or any change in Benefit is effective on the later of the following dates:

- 1) the date the Participant is first eligible for the change provided written request is received by DFS on or before that date, or
- 2) the date the insurability of the Covered Person is approved by DFS:
 - a) if the new amount of coverage exceeds the Maximum without Evidence of Insurability, or
 - b) if the request for change is received more than 31 days after the date of his eligibility for the change.

Any increase in the Maximum without Evidence of Insurability does not apply to a Covered Person who was previously declined for an amount in excess of the Maximum without Evidence of Insurability.

If the policy terminates, no payment is made unless the notice and proof of claim is submitted to DFS within 120 days of the date of termination of the policy.

Every action or proceeding against DFS for the recovery of insurance money payable is barred absolutely unless commenced within the time set out in the Insurance Act or other legislation of the province where the Participant resides.

CO-ORDINATION OF BENEFITS

If an individual covered under the Extended Health Care and Dental Care benefits, is also covered under another Plan that provides similar benefits, total reimbursements made by all plans in any year are co-ordinated.

Co-ordination of benefits is calculated as specified in the guidelines of the Canadian Life and Health Insurance Association. Total amounts paid under all plans cannot exceed 100% of the individual's incurred Eligible Expenses.

Travel Insurance Expenses

If an individual covered under Travel Insurance is also covered under any other plan or insurance policy that provides similar benefits, Travel Insurance only covers Eligible Expenses in excess of the amounts payable by the other plans or insurance policies.

If the other plans or insurance policies include a similar clause or Co-ordination of Benefits provision, benefits are co-ordinated between all plans or insurance policies so that the total amounts paid do not exceed 100% of the individual's incurred Eligible Expenses.

MEDICAL EXAMINATIONS

From time to time, DFS is entitled to have a claimant examined by a health professional of its choice.

SUBROGATION

When reimbursement for expenses incurred for which another party is or may be liable, DFS is subrogated to the same rights of recovery available to the Participant. DFS may bring action in the name of the Participant to enforce these rights.

When a Participant is paid disability benefits for loss of income for a cause that another party is or may be liable, DFS is subrogated to the same rights of recovery available to the Participant. The amount subject to subrogation is limited to the amount of salary loss benefits paid or payable to the Participant by DFS.

CONVERSION PRIVILEGE

If the Life Benefit of a Participant aged 65 or younger terminates, the Participant is entitled to convert his amount of insurance to an individual policy (subject to any minimum amount) without Evidence of Insurability, up to the lesser of:

- 1) the amount of insurance that is lost because of termination,
- 2) the maximum amount required by legislation in the Participant's province of residence, or
- 3) the difference between the amount of Life Benefit in force on the date of termination of coverage and the amount of insurance that the Participant is eligible for under another group life insurance at the time he exercises his conversion right.

A written application for conversion must be submitted to DFS within 31 days of the date of termination of his coverage under this Benefit.

The amount of Life Benefit that a Participant is eligible to convert is reduced by the amount of any in force individual Life Benefit that he previously converted under the terms of this provision. Any amount converted under any other group insurance policy issued by DFS is also reduced from the amount the Participant is eligible to convert.

The individual policy takes effect after 31 days immediately following the date of termination of his coverage under this Benefit.

If a Participant dies within 31 days of termination of his coverage under this Benefit, the amount he is able to convert is eligible to be paid.
